- *Registered Under Ministry of Corporate Affairs: CSR00021474 dated 30-01-2022*

LIVE 4 HELP FOUNDATION was founded by a team of professionals from diverse backgrounds who share a common vision of contributing meaningfully to society. The team members, located across different parts of the globe, are united in their commitment to improving access to quality education and healthcare, two fundamental pillars of human development and well-being. The team is also dedicated to promoting environmental sustainability through green initiatives aimed at protecting the planet.

Before the formation of the organization, some of us were individually engaged in social services such as providing financial assistance to deserving students, distributing rations during the COVID-19 pandemic, supporting underprivileged families during festivals, organizing plantation and cleanliness drives, and extending financial help to individuals in need through personal networks and social outreach.

These experiences highlighted that while individual efforts were meaningful, a structured and organized platform was necessary to expand outreach, mobilize greater resources, and ensure sustained impact. Accordingly, the founders took the initiative to formally set up a charitable trust/non-profit organization by registering it with the appropriate authorities. Thus began the journey of **Live 4 Help Foundation**, a name that reflects its core philosophy of living with purpose by serving those in need.

2. VISION, MISSION & VALUES

VISION

Our Vision is to provide help, bring smiles and joy of happiness to underprivileged and needy people.

MISSION

Our Mission is to identify the people who are seeking help for different needs and those who are willing to extend their help, thereby bridging the gap between both sections.

VALUES

Live 4 Help Foundation believe in selfless service with honesty, integrity, accountability, and transparency.

MAIN OBJECTIVES

- To help in **Education** of underprivileged and economically weaker students by providing financial assistance, scholarships, stipends, and other educational support.
- To promote **Prime Minister's Vision of "Swachh Bharat Abhiyan"** by undertaking **Plantation Drives** and awareness programs for making environment clean and green.
- To provide **Health Care** services for needy and vulnerable persons by arranging free medical camp, free medicines, medical test and awareness programs.
- To encourage **Woman Empowerment** by making woman self-dependent, and confident by providing education, skill development and livelihood support.
- To undertake **Relief Work** for persons and communities affected by natural disasters and other calamities.
- To provide care, support, and assistance to **Elderly People**, particular those living alone or residing in care centres.

3. OUR TEAM

Joyita Maiti

Our sincere thanks to Joyita Maiti, daughter of Mr Tarun Maiti, Founder of Live4Help Foundation and one of its ten leadership members.

Joyita has supported the Foundation since its early days, from naming Live4Help and designing its logo to leading fundraising, volunteering, and website development.

For this publication, she compiled our activities, curated photographs, and gave the book its artistic direction. Her commitment and creativity have helped present the work and impact of Live4Help Foundation in a meaningful and elegant way.

3.1 Leadership Team & Members

Asis Das, *Honorary Executive Director, CSR Activities*

Email: asgoodasis@gmail.com, **Ph:** +91 82509 86597

Asis Das brings more than 35 years of leadership experience and a deep commitment to community development to his role in CSR activities at Live4Help Foundation. With a background in large-scale program leadership and Computer Science, he helps anchor community initiatives with thoughtful guidance and steady execution. His hands-on engagement with students and his practical feedback-driven approach make him a valuable contributor to the foundation's grassroots impact.

Formerly: General Manager, Indian Oil Corporation

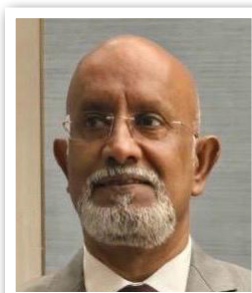

Bibekananda Maiti, *Honorary Executive Director, Strategy, Digital & Data Mgmt,*

Email: maiti.bibekananda@gmail.com, **Ph:** +66 89 244 1510, +91 93 3031 8005

Bibekananda Maiti is an IIM Mumbai alumnus and a 36-year industry veteran who leads with a rare blend of strategic thinking, engineering discipline, and digital expertise. At Live4Help Foundation, he supports strategy, stakeholder engagement, and digital data management while helping enhance the organization's outreach and storytelling. His leadership experience and structured approach help drive data-informed operations and strengthen the foundation's long-term impact.

Associated with: Guardian Industries. USA

Debashis Das, *Honorary Executive Director, Education Development,*

Email: dasdebadas241963@gmail.com, **Ph:** +91 91633 84000

Debashis Das, a former IBM Executive Director and entrepreneur, brings a structured and thoughtful approach to education development and CSR initiatives at Live4Help Foundation. He channels his corporate experience and entrepreneurial mindset into building meaningful education programs for underserved communities. With strong critical thinking and a passion for student development, he helps create lasting impact through learning, mentorship, and innovative community-focused initiatives.

Formerly: IBM Executive Director, Currently: Entrepreneur

K G Verma, *Director & President, Governance & Strategy, ★ Founding Member*

Email: verma_kg@rediffmail.com, **Ph:** +91 93132 41727

K G Verma is a founding member of Live4Help Foundation and brings over 30 years of leadership experience along with exceptional strategic insight. He helps guide the foundation's long-term vision with clarity and discipline. His experience in CSR regulatory matters and his steady leadership continue to reinforce the organisation's roots while driving purposeful growth for the future.

Associated with: Flowmore Limited

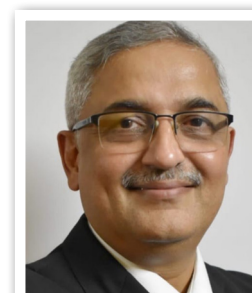

Kajal Kumar Mandal, *Honorary Executive Director, CSR Activities*

Email: kajalkm@gmail.com, **Ph:** +91 94347 92580

Kajal Kumar Mandal, a former General Manager at Durgapur Steel Plant, SAIL, brings decades of leadership experience to grassroots CSR initiatives at Live4Help Foundation. With a background in B.Tech Computer Science and a strong public sector work ethic, he helps transform organizational discipline into meaningful community programs. His active involvement in student selection, volunteer coordination, and CSR execution across West Bengal reflects his commitment to practical social impact.

Formerly: General Manager, Durgapur Steel Plant (SAIL)

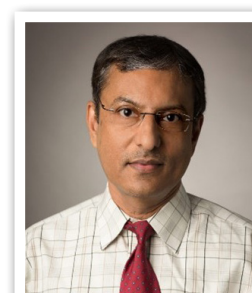

Projjal Maitra, *Company Secretary, Compliance & Finance,*

Email: projjalmaitra@yahoo.co.in, **Ph:** +91 98110 95506

Projjal Maitra serves as Company Secretary and is a key pillar of compliance and financial governance at Live4Help Foundation. Recognized for his expertise in FCRA and regulatory matters, he ensures that the foundation operates with full legal and procedural integrity. His careful oversight of compliance frameworks helps the organization stay aligned with evolving government regulations while maintaining a strong and trustworthy operational foundation.

Associated with: Bechtel, India

Ramkrishna Sadhukhan, *Honorary Executive Director, Education & Research*

Email: ramu.sadhukhan@gmail.com, **Ph:** +1 978 866 8965

Ramkrishna Sadhukhan is a PhD biochemist and protein engineering expert who contributes to Live4Help Foundation through education, research, and STEM advocacy. Associated with AbbVie as Head of Protein Engineering, he brings scientific depth and a strong commitment to inspiring future generations of students. As a connector among donors, mentors, and learners, he supports meaningful academic direction and outreach that helps students grow through knowledge and opportunity.

Associated with: AbbVie, Head of Protein Engineering

Subhabrata Chakrabarti, *Honorary Executive Director, Education Outreach*

Email: subho3131@gmail.com, **Ph:** +91 98187 38446

Subhabrata Chakrabarti is a publishing and education outreach veteran dedicated to expanding access to quality learning resources and academic opportunity. With experience associated with Bharati Bhavan Publishers, he uses his extensive publishing and academic networks to strengthen the foundation's education outreach and visibility. His creative, results-oriented approach helps amplify the foundation's mission while supporting stronger engagement with students and learning communities.

Associated with: Bharati Bhavan Publishers

Subhendu Sekhar Mal,

Honorary Executive Director, Education & Mentorship

Email: subhendu_s_mal@hotmail.com, **Ph:** +965 6571 6455

Subhendu Sekhar Mal is an engineer turned educator who brings global industry discipline and a deep passion for mentorship to Live4Help Foundation. Drawing from his experience with Kuwait National Petroleum Company, he helps shape impactful student mentorship programs that encourage career growth, critical thinking, and self-belief. His dedication to guiding young learners has made him an important force in nurturing the next generation's potential.

Associated with: Kuwait National Petroleum Company

Tarun Maiti, *Director & Treasurer, Finance & Governance*, ★ **Founding Member**

Email: tarunmaiti64@gmail.com, **Ph:** +91 98107 45206

Tarun Maiti is a founding architect of Live4Help Foundation and has played a vital role in shaping its financial structure, governance practices, and CSR direction. With nearly two decades of leadership experience, he has worked with deep commitment to ensure sustainable operations, transparent fund disbursement, and strong accountability across the foundation's activities. His passion, energy, and attention to detail continue to strengthen the foundation's mission of serving communities with integrity and purpose.

4. CSR PARTNERS

1. Bharti Bhawan Publishers & Distributors

Education

Since 2021, Bharti Bhawan has been a valued CSR partner in advancing inclusive education. Its support for school fees and learning resources helps reduce financial barriers and enables underprivileged students to pursue quality education with confidence.

2. Erbe Medical India Pvt. Ltd.

Medical Camp | Cancer Awareness | Relief Work | Blanket Distribution

Since 2022, Erbe Medical India has partnered with us to strengthen community health, cancer awareness, disaster relief, and winter assistance. Its sustained CSR support promotes preventive care, timely medical intervention, and essential aid for vulnerable families during times of need.

3. ABS Professional Services (India) Private Limited

Mangrove Plantation

Since 2024, ABS has supported mangrove restoration in the Sundarbans, helping protect vulnerable coastal ecosystems. Its CSR partnership contributes to biodiversity conservation, stronger natural barriers, and greater climate resilience for local communities.

4. Tredence Analytics Solutions Private Limited

Medical Camp | Cancer Awareness | Education

Since 2025, Tredence has supported healthcare, cancer awareness, and education initiatives across communities. Its CSR partnership expands access to preventive care and early detection while helping underprivileged students overcome barriers to continued learning.

5. Eastman

Mangrove Plantation | Medical Camp

Since 2025, Eastman has supported environmental conservation and community healthcare. Its CSR partnership strengthens mangrove ecosystems and coastal resilience while improving access to essential and timely medical care for underserved communities.

6. Anand Rathi

Education

Since 2025, Anand Rathi has supported educational initiatives that help underprivileged students continue their studies. Its CSR partnership reduces financial barriers and creates pathways to learning, confidence, and long-term opportunity.

5. DONORS

6. OUR INSPIRATION

Subhankari’s Journey from Vulnerability to Strength

Once a frail and ailing child, Subhankari’s life was transformed through nourishment and care. With access to nutritious food, medical attention, and educational support, she blossomed into a strong and capable individual.

Her bright smile and infectious laughter echo the resilience of the human spirit. **Subhankari’s** story inspires us to nurture and empower the most vulnerable among us, unlocking a brighter future for generations to come.

7. ANNUAL ACTIVITIES

7.1. Education

7.1.1. Objective

Education is a fundamental right of every citizen and a cornerstone of holistic development. It fosters personal, professional, and social growth, while nurturing curiosity, critical thinking, and a sense of responsibility towards society. Education empowers individuals to realize their potential and equips them with the knowledge and skills necessary to lead dignified and meaningful lives.

However, children from economically weaker sections often discontinue their studies due to financial constraints and lack of family support. In many cases, illiterate parents are compelled by circumstances to involve their children in income-generating activities to sustain household livelihoods. Despite the efforts of various organizations working in the field of education, a significant gap continues to exist in ensuring sustained academic support for underprivileged students.

The primary objective of the Foundation is to identify meritorious and deserving students from disadvantaged backgrounds and extend financial and academic assistance to meet their educational needs. Through structured support, the organization aims to enable students to continue their education uninterrupted and progress towards achieving their academic and career aspirations.

7.1.2. Selection Criteria and Process

Live 4 Help Foundation has outlined following criteria for selection of deserving students:

- Meritorious student
- Family income around Rs. 10,000/- per month or less
- Preference to students with single parent or no parents
- Preference to girl student

The Foundation's core members proactively connect with volunteers, teachers, and community networks, including social media platforms, to identify students in need of educational assistance. To ensure a structured and transparent process, Live 4 Help Foundation has developed a comprehensive Educational Support Form (both online and offline), capturing detailed information about the student, family background, educational institution, and the specific nature of support required.

Upon receipt of the completed form along with supporting documents—such as previous academic records, a recommendation letter from the school/college, and valid identity and address proof, the core team undertakes a thorough verification process. This includes direct interaction with the student, parents or guardians, teachers, and local volunteers to authenticate the information provided. Based on predefined selection criteria, eligible candidates are shortlisted, and a concise profile note is prepared to facilitate sponsor outreach.

Fundraising for educational support remains a continuous activity throughout the year. Financial assistance is mobilized either through a common donation pool (one-time or periodic contributions) or through individual sponsorships dedicated to specific students, ensuring accountability and sustained academic support.

7.1.3. Types of Support

Live 4 Help Foundation is providing following supports to deserving students depending on their need.

- Admission Fee / Registration Fee
- Tuition/Annual Fee / Semester Fee
- Books, Stationeries, Uniforms, School Bags
- Hostel Fee
- Transportation
- Online/Offline Coaching
- Counselling
- Face to Face and regular interaction with students, parents and teachers
- Medical support on need basis

7.1.4. Face to Face Interaction with Students and Parents

The Live 4 Help (L4H) Foundation believes in the power of face-to-face interactions to build strong relationships with students and motivate them to achieve their full potential. In December 2025, three core members, Mr. Tarun Maiti from New Delhi, Mr. Ramkrishna Sadhukhan from the USA, and Mr. Asis Das from Kolkata, embarked on a five-day tour of West Bengal and Jharkhand to meet and support students. The primary objective of these meetings was to review the students' progress, address any challenges they might be facing, and understand their aspirations. Additionally, the team aimed to assess whether any additional facilities or support were needed to enhance their performance and morale.

On December 20th, the L4H team visited the Bankura District of West Bengal and met with Shatarupa Mandal, who is pursuing her second year of MBBS. at Bankura Sammilani Medical College. She expressed determination to make the most of the limited resources and facilities available on campus and assured us that her efforts, coupled with our support, would not go in vain.

L4H Team with Shatarupa Mandal

L4H Team with Shatarupa Mandal, MBBS student at Bankura, WB

On **December 21st**, the team travelled to **Purulia town** and met **Shubham Pandey**, who will be pursuing a **Ph.D at the University of Florida** after completing a master's degree from IIT, Chennai, and **Hriday Pramanik**, who is progressing well in his B. Sc. studies. After detailed discussions about their studies, the team visited their homes to meet and encourage their parents, who were extremely delighted to see us.

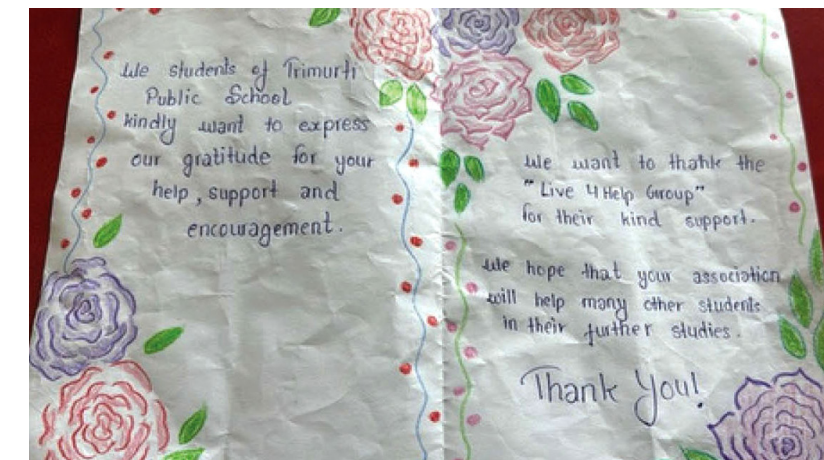

L4H team met Subham's and Hriday's Parents at Purulia, WB

On **December 22nd**, the team visited **Trimurti Public School** in **Chas, Bokaro**, where they met seven students: **Ayush Kumar, Sakshi, Kushi Kumari, Riya Raj, Md. Taslim, Sahiba Kaur, and Price Kumar Jha**. The team interacted with each student individually, reviewed their progress, and provided advice on achieving their goals. The Vice Principal of the school, Smt. Razia Sultan, was found to be very cooperative and supportive of both the students and L4H.

L4H team with Principal and students of Trimurti Public School, Jharkhand

L4H team distributed cake to students and received Thank you letter from students of Trimurti Public School, Jharkhand

L4H team with Principal and students of Trimurti Public School, Jharkhand

On **December 23rd**, the team moved to Madhupur and visited **Anandalaya Public School, Jharkhand** and had detailed interactions with seven students: **Abha Kumari, Punam Kisku, Rakhi Kumari, Jeenat Parween, Subhani Parween, Mahin Parween, and Puja Kumari**. While the students were generally doing well, they expressed concerns about their proficiency in English. Virtual classes on spoken English were suggested as a potential solution to help them immensely. The team also felt that periodic reviews and regular interactions would boost their morale and build a sense of accountability.

L4H team with Principal and students of Anandalaya Public School, Jharkhand

L4H member shared mid-day meal with students of Anandalaya Public School

In Kolkata, the team met with five students: Satyabrata Patra and Subhankar Das from Belgharia R. K. Mission Student's Home, and Rohan Dwari, Babita Giri, and Sudip Das from East Garia Educational Institution. **Jayanta Guin**, one of our sponsors from the USA, accompanied the team to meet with Rohit Dwari, whom he is supporting, as well as other students from East Garia Educational Institution. The team's goal is to connect students with their sponsors to provide first-hand experiences

Overall, the team connected with 22 students, reaffirming L4H's commitment to these interactions. They were pleased to learn that some students aspired to become IAS and IPS officers, while others were keen on pursuing higher studies.

L4H Team met students at Belgharia Student's Home, Teachers and students at East Garia Educational Institution, Kolkata

L4H team visited houses of L4H students, Rohit Dwari and Sudip Das at Garia, Kolkata

7.1.5. School Bag Distribution

During the festive season, the L4H Foundation strengthened community spirit by distributing school bags to students. This thoughtful gesture met practical needs, supported education, and added joy to celebrations. By fostering inclusion and generosity, the foundation turned festivities into meaningful opportunities for shared happiness.

L4H students received school bags at Tamil Nadu and Uttar Pradesh

L4H Students from Tribal Village, Bankura, WB, received school bags

L4H students received school bags at New Sainik School, Delhi, Medinipur and Bankura districts of West Bengal

7.1.6. Books Donation

The L4H Foundation has consistently demonstrated its commitment to addressing the diverse needs of students. During recent interactions, a significant requirement was identified: access to essential books. Responding to this need, our core members, Mr. Subhabrata Chakraborty and Mr. Ramakrishna Sadhukhan, took the initiative to personally purchase and deliver books to deserving students.

Radhika receiving book from L4H Volunteer

Rupali Hembrem received books

Shatarupa Mandal received books from L4H Member

7.1.7. Computer Training

The L4H Foundation, in collaboration with Roymoni Smriti Foundation, has initiated a free computer training program aimed at promoting digital inclusion among students from underserved communities. This partnership leverages the expertise and community outreach of Roymoni Smriti Foundation to effectively implement structured digital literacy training.

The initiative is designed to bridge the digital divide and equip students with essential technological skills required in today's increasingly digital environment. Through the provision of laptops and organized computer training sessions, the foundation seeks to enhance students' access to digital learning resources and strengthen their academic capabilities.

By facilitating digital education and skill development, the program aspires to improve long-term educational outcomes and create sustainable opportunities for students to pursue higher studies and future employment prospects.

Computer Classes at Kalinagar, North 24 Parganas, West Bengal

7.1.8. Success Stories

Anjali Kisku, hailing from Kayamati, a remote Santhal village in the district of Bankura, West Bengal, was the first graduate from her village. After graduating in 2021, her main focus was to become financially self-sufficient, although girls of her age in the village are mostly married and have already started families. She was eager to take a basic computer course but was struggling to bear the cost of the course fee and transportation for commuting from her home to the nearest training centre, which is more than 20 km from her village. L4H Foundation stepped in by providing support for her transportation expenses and computer course fee. L4H then supported her tuition fees for the preparation of job-oriented examinations.

Finally, in 2025, she secured admission to **ATDC (Apparel Training and Design Centre), Kolkata**, for a diploma course. L4H bore the cost of her food, accommodation, and transportation. In March 2026, she completed the diploma and is now working as a **QC (Quality Control) Supervisor** in a garment company. It has been a long journey of struggle and determination for Anjali to secure a job and become financially independent at the age of 26+, whereas getting married at 15–16 years of age and starting a family is still a common practice in tribal villages.

Anjali Kisku (2022)

Anjali Kisku (2026)

Subham Pandey was studying in B.Sc. with Physics Honours in year 2021 at Bankura Christian College, West Bengal. During the Covid-19 pandemic, his education was at risk due to financial hardship and his father's declining health. With the intervention of local volunteer Anup Mandal, L4H Foundation stepped forward to cover his semester fees, hostel fees, private coaching, and books, ensuring his education continued uninterrupted. After completing his undergraduate studies, Subham was selected for **M.Sc. in Physics at IIT Chennai**, graduating in 2025. His aspiration to pursue higher studies has now been fulfilled with admission to the **Herbert Wertheim College of Engineering, University of Florida** for his **Ph.D. program**. L4H Foundation has supported Subham's education through his master's degree and further assisted with his visa, travel, and initial settlement costs in the USA. This milestone reflects both Subham's dedication and the foundation's commitment to empowering bright students from underprivileged backgrounds.

Srijita Basak, a student from Dangar Hat High School, Dakshin Dinajpur, West Bengal who secured 4th position in West Bengal Higher Secondary Examination in year 2023 and obtained 493 marks out of 500 with overall grade "O" and overall Percentile 100. Her father being a toto driver with a modest monthly income, Srijita completed her XII with great difficulties. Srijita was determined to pursue higher education in Geography. With support from L4H Foundation Srijita was able to continue her undergraduate studies. She has **ranked second** in her fourth semester of BA Geography, earning top grades (A+ & O) across all subjects.

From IIT, Madras to UF/USA

Subham Pandey

Ranked 4th in Higher Secondary and now ranked 2nd in Semester IV, BA/Geography

Srijita Basak

Live 4 Help Foundation is proud to share the inspiring journey of **Joyjit Mandal**, a student from Patiram High School, West Bengal, who successfully passed the West Bengal Council of Higher Secondary Education (WBCHSE) Examination 2025 with an outstanding 96.8% marks and 99.97 percentile. Joyjit comes from a humble background — his father, a daily labourer and small farmer, has been striving with limited means to support his son's education. Recognizing the family's financial challenges, a local volunteer Biswajit Pramanik referred Joyjit's case to the L4H Foundation. The foundation promptly stepped in and connected him with a donor who generously agreed to sponsor his higher education.

With this support, **Joyjit** enrolled in **B.A. (Geography Honours)** at Balurghat College, West Bengal. Demonstrating his dedication and academic excellence, he has already achieved remarkable success by securing 9.0 SGPA (equivalent to 85% marks) in his first semester, ranking first in his college.

Joyjit's study room

Joyjit with his family

7.1.9. Regular Interaction

The Volunteers and Core Team Members maintain regular interaction with supported students, their parents, and school principals/teachers to review academic progress and address any challenges faced. These periodic engagements not only ensure effective monitoring and timely support but also provide students with moral encouragement and confidence. The ongoing communication further enables students to approach the Foundation for additional assistance, such as online subject coaching or counselling support, thereby promoting their overall academic and personal development.

7.1.10. Online Coaching/Counselling

Since its inception, the L4H Foundation has been dedicated to identifying and addressing the coaching, mentoring, and counseling needs of its beneficiary students. Through direct, face-to-face interactions, the Foundation observed a growing demand for spoken English classes and subject-specific guidance. To meet this need, the Foundation reached out to its network of well-wishers and supporters, inviting them to volunteer their time and expertise. We are proud to share that many friends of the Foundation's Core team have come forward to coach students in specific subjects, mentor them in personal and academic growth, and provide valuable guidance.

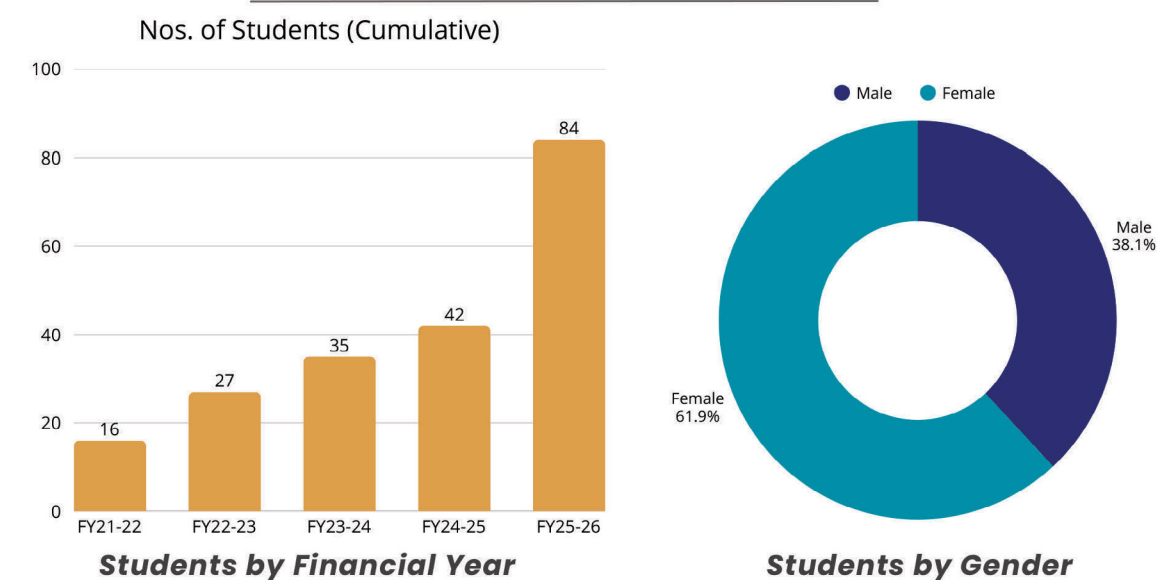

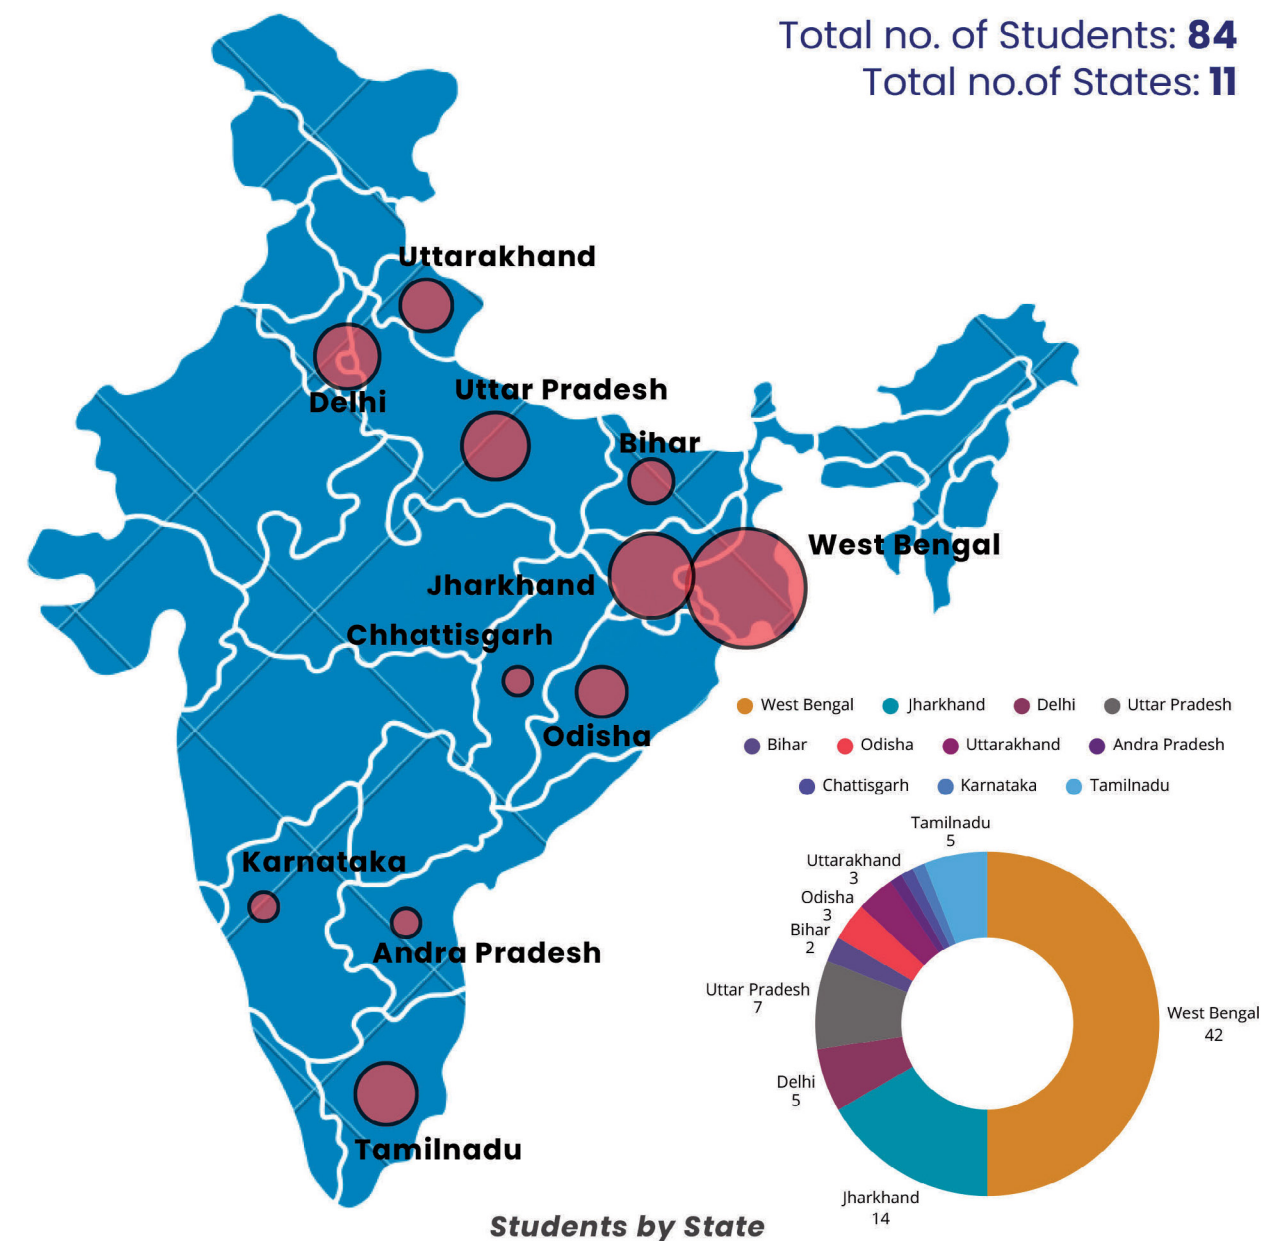

This initiative has not only enhanced students' learning outcomes but also strengthened their confidence by connecting them with mentors who offer online support. The Foundation continues to monitor student needs closely, ensuring that coaching, mentoring, and counseling opportunities remain aligned with their evolving requirements.

In the current year, the L4H Foundation has successfully lined up volunteers across multiple locations, creating meaningful opportunities for students to learn, grow, and thrive under the guidance of dedicated mentors.

- **Mrs. Mitali Chakrabarty**, USA - English to Mr. Rohit Dwari
- **Mrs. Sangita Bhowmik**, Kolkata - English to Ms. Babita Giri
- **Mr. Ramakrishan Sadhukhan**, USA - Mentoring Ms. Shatarupa Mandal
- **Mrs. Baishali Roy**, Kolkata - Spoken English to a group of students
- **Mr. Prabhudha Biswas**, USA - Mentoring Ms. Shreya Sadhukhan
- **Mrs. Shipra Malik**, USA - Mentoring Ms. Kushi Bist

7.1.11. Number of Beneficiaries

From a humble beginning in June 2021 with support extended to a single student, L4H Foundation has progressively expanded its educational outreach to a total of **84 students** across **eleven states** of India, namely **Delhi, West Bengal, Odisha, Uttarakhand, Jharkhand, Uttar Pradesh, Bihar, Karnataka, Tamil Nadu, Andhra Pradesh and Chhattisgarh**. Notably, 52 out of the 84 supported students (approximately 62%) are girls, reflecting the Foundation's strong commitment towards promoting education and empowerment of the girl child.

ANNUAL ACTIVITIES

7.2. Mangrove Plantation

7.2.1. Objective

The Sundarbans is the world’s largest contiguous mangrove forest and a designated UNESCO World Heritage Site. Owing to climate change, the region is facing severe ecological challenges, including rising sea levels leading to the disappearance of islands, increased salinity affecting soil fertility and crop productivity, and disturbances in hydrological systems that have altered traditional fishing patterns, adversely impacting local livelihoods. Frequent cyclones such as Aila, Amphan, and Bulbul, along with erratic monsoon patterns, have further intensified ecological degradation and humanitarian vulnerabilities.

In response, L4H Foundation has undertaken a structured mangrove plantation initiative aimed at environmental restoration and climate resilience. The primary objective of the plantation drive is to revive mangrove cover lost due to devastating cyclones and environmental degradation. Mangroves play a vital role in coastal protection by acting as natural barriers against storm surges, coastal erosion, and flooding, while also contributing significantly to carbon sequestration and mitigation of the greenhouse effect through high CO₂ absorption capacity.

7.2.2. Site Selection

The foundation has identified following location for the mangrove plantation:

PLANTATION SITE	Choto Sehera
RIVER SIDE	Dansha
BLOCK	Sandeshkhali 1
DISTRICT	North 24 Parganas
STATE	West Bengal
APPROX. AREA	5.0 Bigha

7.2.3. Site Preparation and Plantation

Live 4 Help Foundation entrusted the implementation of the plantation initiative to its local Volunteer and Coordinator, Dr. Animesh Mandal, a Professor and social worker actively engaged in the Sundarbans region. As a preliminary step, the identified plantation site was secured through fencing using bamboo structures and nylon nets to protect young saplings from external damage. Local community members were engaged in carrying out the fencing work, thereby generating livelihood support.

Subsequently, after completion of the fencing process, pit digging activities were undertaken in preparation for plantation. Local women from the surrounding villages were actively involved in this phase, ensuring community participation and inclusive engagement in the environmental restoration initiative.

L4H Foundation bought variety of mangrove saplings, including **Sundari, Bain, Kakra, Garjan, Poshur, Dhuldhul, and Keora** from the nursery. The saplings were grown by local people in coastal area by collecting seeds. The planation of sampling was done involving local women. Approximately 10,000 mangrove saplings have been planted in the current financial year with financial support from **Solutia Chemicals(I) Private Limited** under its Corporate Social Responsibility (CSR) initiative.

Women self help group ready for plantation

Women self help group ready for plantation

7.2.4. Maintenance of Sapling

L4H Foundation undertakes regular maintenance of the planted saplings to ensure their survival and healthy growth. This includes timely replacement of dead plants and repair of fencing damaged due to strong river currents, cyclones, and storms. Continuous monitoring is carried out to assess the growth, stability, and overall health of the saplings, thereby promoting successful establishment and long-term sustainability of the plantation site.

The Mangrove Plantation Program is being implemented with financial support from Solutia Chemicals(I) Private Limited and ABS Professional Services India Private Limited under its Corporate Social Responsibility (CSR) initiative.

Growth of saplings at Ghospur Site, North 24 Parganas, WB

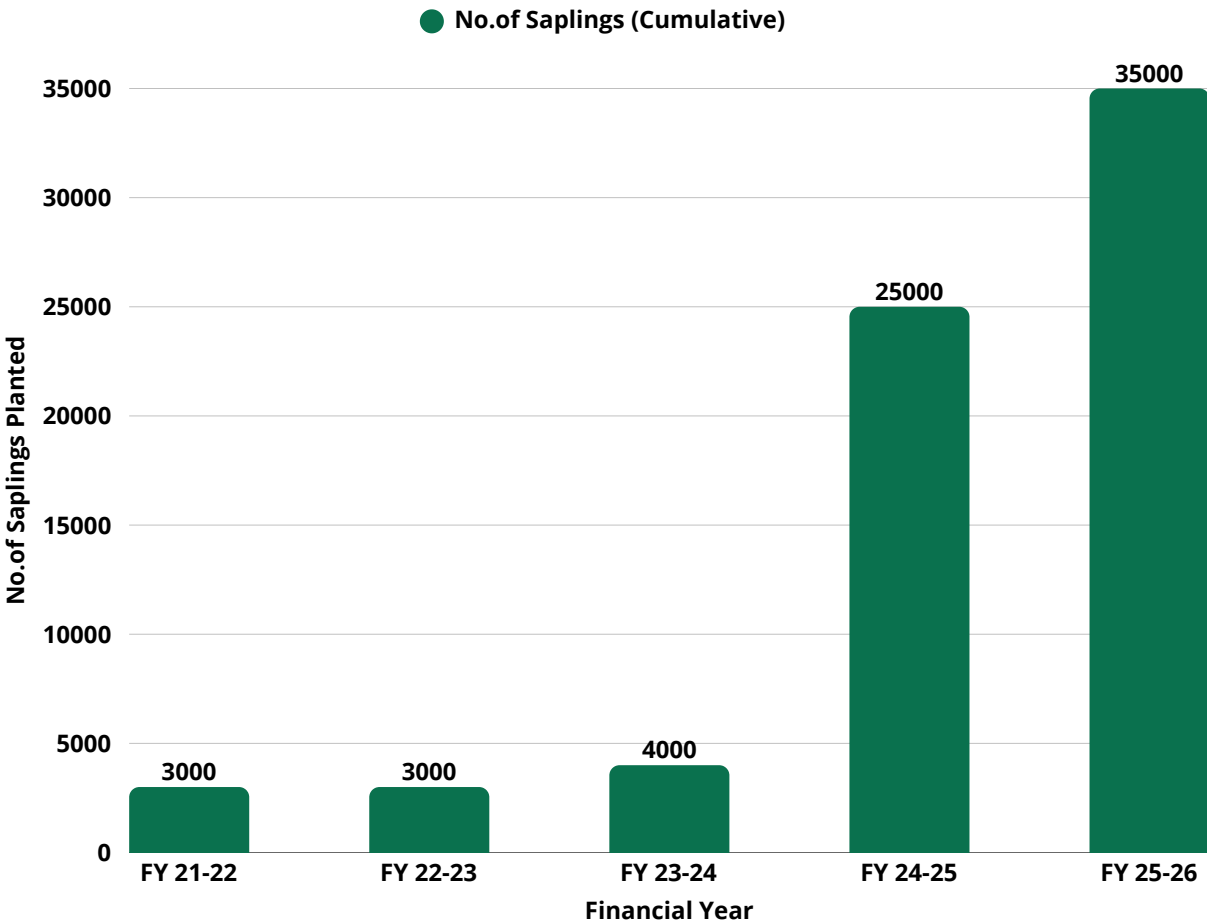

Growth of saplings at Ghospur Site, North 24 Parganas, WB

7.2.5. Expected Outcome from Plantation

The Foundation is expecting following outcomes from our mangrove plantation initiatives:

- Reduced carbon footprints thereby mitigating climate change.
- Reduced risk and damage from tsunamis, storms, and floods.
- Women empowerment by engaging local people mainly women
- Prevention of soil erosion.
- Sustainability of coastal and marine ecosystems and fisheries

Mangrove Plantation at Sunderbans, West Bengal

ANNUAL ACTIVITIES

7.3. Medical Camp

7.3.1. Objective

It has been observed that rural communities often accord low priority to periodic health check-ups, primarily due to financial constraints and limited healthcare awareness. The rural–urban divide in healthcare access is closely linked to inadequate health literacy, poor living conditions, and lower levels of education. As a result, rural populations tend to make fewer visits to medical practitioners and are less likely to receive personal counselling, comprehensive treatment, and preventive healthcare services compared to higher-income groups.

The primary objective of organizing medical camps was to bridge this gap by providing free medical services to underprivileged individuals. These camps offered general health check-ups, preliminary cancer screening tests, medical consultations, and essential guidance, while also promoting awareness regarding preventive healthcare and early diagnosis.

7.3.2. Activities Involved

Live 4 Help Foundation engaged its local volunteers and members to identify suitable locations for organizing the medical camps. Upon finalization of the venue, volunteers conducted community outreach to identify eligible beneficiaries and prepared a detailed list in advance to ensure systematic implementation and effective coverage.

With the support of the local coordination team, the Foundation empanelled a reputed diagnostic laboratory and qualified medical practitioners prior to the camp. This ensured that necessary medical tests, consultations, and screenings were conducted efficiently and in accordance with planned objectives.

L4H Foundation organized seven medical camps in the locations listed below in last one year:

S. No.	Location of Medical Camp	Date	Total Beneficiaries
1	Green's Corner, Sonarpur, West Bengal, PIN -700150	7 Dec 2025	145
2	Bhavya's Tulasivanam, Navodaya Colony, Kukapally, Hyderabad, Telangana, PIN - 500072	7 Feb 2026	147
3	Kalitala Gram Panchayat Bhaban, North 24 Parganas, West Bengal, PIN-743439	15 Feb 2026	181
4	Bhavya's Avani Campus, Navodaya Colony, Usha Mullapudi Hospital Road, Kukatpally, Hyderabad, PIN-500072	1 Mar 2026	195
5	Nafarganj Baidyanath Vidyapith High School, Vill/PO Nafarganj, PS:Basanti, South 24 Parganas, West Bengal, PIN - 743312	8 Mar 2026	171
6	Phulpahari, Radhe Radh Seva Sangha, P.O. Vidyasagar University, Dist. Paschim Medinipur, West Bangal, PIN- 721102	15 Mar 2026	147
7	Ashapur Tea Garden, Ashapur TE Primary School, Naxalbari, Panighata, Darjeeling, West Bengal, PIN- 734429	21 Mar 2026	105

L4H Foundation organized seven medical camps in the locations listed below in last one year
The foundation offered following blood test to all beneficiaries:

- Complete Hemogram
- HbA1C
- Lipid Profile
- Basic Cancer Screening Test (PSA, CEA, CA19.9 for Male, Ca125, CA15.3, CEA for Female)
- Thyroid Profile and Lipid Profile
- Kidney Function Test
- Liver Function Test
- Iron Deficiency
- Vitamin D, B12
- Sodium
- Blood Sugar fasting

The Foundation engaged qualified local doctors to conduct basic health assessments, including blood pressure examinations, and to provide preliminary medical advice during the camp. On the day of the Medical Camp, blood samples were collected for diagnostic testing, and refreshments were provided to all beneficiaries following sample collection to ensure their comfort and well-being.

Upon receipt of the laboratory reports, the Foundation organized free medical consultations during the report distribution phase. Beneficiaries were guided by doctors regarding their test results and were advised on necessary follow-up consultations, treatment plans, and medication, as appropriate, based on individual health conditions.

A total of **1091 adults** benefited from these medical camps, which were implemented with financial support received under **Corporate Social Responsibility (CSR)** initiatives from **Erbe Medical India Pvt. Ltd., Tredence Analytics Solutions Pvt. Ltd. and Solutia Chemical (I) Pvt. Ltd.** The CSR contributions enabled the Foundation to extend free diagnostic testing, medical consultations, and healthcare awareness services to underserved communities in a structured and impactful manner.

7th December, 2025

Location: Green's Corner, Sonarpur, West Bengal

7th February, 2026

Location: Bhavya's Tulasivanam, Navodaya Colony, Kukapally, Hyderabad, Telangana

15th February, 2026

Location: Kalitala Gram Panchayat Bhaban, North 24 Parganas, West Bengal

Location: Ashapur Tea Garden, Ashapur TE Primary School, Naxalbari, Panighata, Darjeeling, West Bengal

7. ANNUAL ACTIVITIES

7.4. Cancer Awareness Program

7.4.1. Objective

Cancer remains a major global public health challenge, affecting millions of individuals each year. Despite significant advancements in research, prevention, and treatment, underserved communities often remain excluded from the benefits of such progress. Limited access to healthcare infrastructure, economic constraints, and inadequate awareness contribute to a disproportionately higher burden of cancer-related morbidity and mortality within these populations. Barriers to timely screening and education frequently result in delayed diagnosis, restricted treatment options, and adverse health outcomes.

In view of these disparities, there is a critical need for focused and structured interventions aimed at strengthening cancer awareness and promoting early detection. The L4H Foundation is committed to advancing public awareness on cancer prevention and emphasizing the importance of early screening and timely medical intervention, with clearly defined objectives to address these gaps and improve health outcomes in underserved communities.

- Remove the stigma and fear attached with cancer
- Help people recognize the early symptoms of cancer
- Inform people about the importance of regular screening and check-ups
- Inform women about mammograms, clinical breast exam, breast selfexam etc.

7.4.2. Event

The L4H Foundation organized a **Four Cancer Awareness Sessions** at various educational institutions of West Bengal, aimed at promoting early detection and preventive healthcare practices. All sessions were facilitated by **Dr. Suwendu Maji, MBBS, DNB (Surgical Oncology), Assistant Professor, Department of Surgical Oncology, I.P.G.M.E&R, Kolkata.**

A key highlight of the session was the demonstration of a Breast Cancer Detection Manikin, which drew significant engagement from adolescent girls and women participants. Dr. Maji explained the importance of early screening and demonstrated the self-examination technique, further training several local girls on the correct use of the manikin.

Location	Date	Total Beneficiaries

(Medical Camp & Cancer Awareness Program)

The cumulative numbers of beneficiaries have reached 2910 in five years.

Health Camp and Cancer Awareness Programs beneficiaries

ANNUAL ACTIVITIES

7.5. Relief Work

7.5.1. Flood Relief

14th August, 2025

Location: Vill: Maharajpur & Nunasaran, Dist.: Paschim Medinipur, Ghatal Block, West Bengal

The L4H Foundation undertook a humanitarian relief initiative to support flood-affected people in the Ghatal blocks of Paschim Medinipur District, West Bengal. The devastating floods, triggered by heavy rainfall and the release of water from reservoirs, caused rivers to overflow, submerging roads and severely impacting infrastructure, agriculture, and livelihoods. Local communities have been facing acute shortages of food, clothing, and shelter, enduring extreme hardship until normalcy is restored.

On August 14, 2025, a relief team led by Professor Animesh Mondal distributed essential materials to more than 200 families at Nonasoren Chowk and Maharajpur in the Dewan Chowk area of Ghatal block. The relief package included tarpaulin sheets and vital food supplies such as rice, wheat, pulses, flattened rice, puffed rice, jaggery, salt, cooking oil, soybeans, biscuits, and soaps — carefully selected to meet immediate survival needs.

This noble initiative was made possible through the generous support of M/s Erbe Medical India Pvt. Ltd., under their Corporate Social Responsibility (CSR) program. The Foundation expressed heartfelt gratitude to Erbe Medical India for their unconditional support in enabling this mission of compassion.

The Foundation also extended sincere appreciation to Professor Mondal and his dedicated team members — Asim, Mihir, Deba, Kunal, Aravind, and Prashant — whose tireless efforts ensured the success of the program. Their commitment exemplifies the spirit of solidarity and service during times of crisis.

15th October, 2025

Location: Vill : Dudhiya Pahar and Porajhar Gram, Dist – Jalpaiguri, West Bengal

On 15th October 2025, the L4H Foundation, with sponsorship from **M/s Erbe Medical India Pvt. Ltd.** under its Corporate Social Responsibility (CSR) program, carried out a critical relief initiative for flood-affected communities in **Dudhiya Pahar and Porajhar Gram, Jalpaiguri District, West Bengal**.

The recent floods, triggered by heavy rainfall severely disrupted local infrastructure, agriculture, and livelihoods. In response, the Foundation organized a relief distribution drive led by **Professor Animesh Mondal**, providing essential supplies to **170 families**. The relief package included rice, wheat, pulses, cooking oil, milk, biscuits, spices, and hygiene items addressing both nutritional and sanitary needs of the affected households.

The Foundation expressed its gratitude to **Mr. Prasun Dutta**, who represented M/s Erbe Medical India Pvt. Ltd. and offered hands-on support throughout the event. Special recognition was also extended to **Professor Mondal**, his family (Nidhu, Agnidipta), and dedicated team members **Mihir Mistry** and **Debasish Munda** for their unwavering commitment to the cause.

This initiative exemplifies the power of collaboration between non-profit organizations and corporate CSR programs in strengthening community resilience and providing timely flood relief. It highlights how coordinated efforts can bring hope and stability to vulnerable communities during times of crisis.

7.5.2. Blanket Distribution

15th November, 2025

Location: Vill.: Kuilyapahari & Beriathol, Dist.: Bankura, West Bengal

On November 15, 2025, the L4H Foundation, in collaboration with **Erbe Medical India Pvt Ltd**, carried out a humanitarian relief initiative in the remote tribal villages of **Kuilapahari** and **Beriathol**, located near **Susunia Hill** under the **Gangajalghati block** of **Bankura District, West Bengal**. Situated approximately 250 kilometres from Kolkata, these villages are predominantly inhabited by tribal communities facing seasonal and environmental challenges.

A dedicated team of volunteers, led by **Anirban Chattopadhyay**, reached out to support the residents by distributing essential relief materials. The program successfully assisted **93 families**, covering a total adult population of **454 individuals**, through the distribution of **182 blankets** to help prepare for the approaching winter and **108 mosquito nets** to mitigate the risk of fatalities caused by **snake** and **scorpion bites** during sleep. This initiative exemplifies the impact of targeted grassroots support, addressing immediate needs while enhancing safety and well-being in vulnerable communities.

17th January, 2026

Location 1: Arya Mahila Ashram, Near Saibaba Mandir Main Road, New Rajender Nagar, Delhi

Location 2: MCD Park, Adjacent to MCD Community Center Church Road, Ambrahi, Sector-19, Dwarka, Delhi

The L4H Foundation, with the generous sponsorship of **ERBE Medical India Pvt Ltd**, successfully conducted **two blanket distribution drives** in **Delhi**, reaching **180 families** in need. These initiatives reflect the foundation's commitment to protecting and empowering vulnerable communities during the harsh winter season.

The first event took place at **Arya Mahila Ashram**, where blankets were distributed to **60 elderly single women**. The resilience and stories shared by the beneficiaries highlighted how even small gestures can bring immense relief. The foundation extends gratitude to **Sanskriti Rajput** and the **NSS volunteer team** for their efficient arrangements and heartfelt engagement.

In partnership with the **Stand N Stride Foundation**, the second event was held at **SnS Park Pathshala, Sector 19, Dwarka**. Here, **120 students** received high quality blankets and refreshments. SnS Founder **Amod Poddar** and General Secretary Usha Zalpuri emphasized that these blankets not only provide warmth but also strengthen the bond of trust between mentors and children. Special appreciation goes to **Ritesh Kumar**, a dedicated volunteer of L4H, for his meticulous arrangements and coordination.

The Foundation sincerely appreciate **Rakesh Kundu**, Executive Director at ERBE, and his Delhi team for their unwavering support and active participation in the events. Additionally, the dedicated efforts of **Tarun Maiti, Projjal Maitra and Krishna Gopal Verma** ensured seamless coordination with all stakeholders, making these events impactful and memorable.

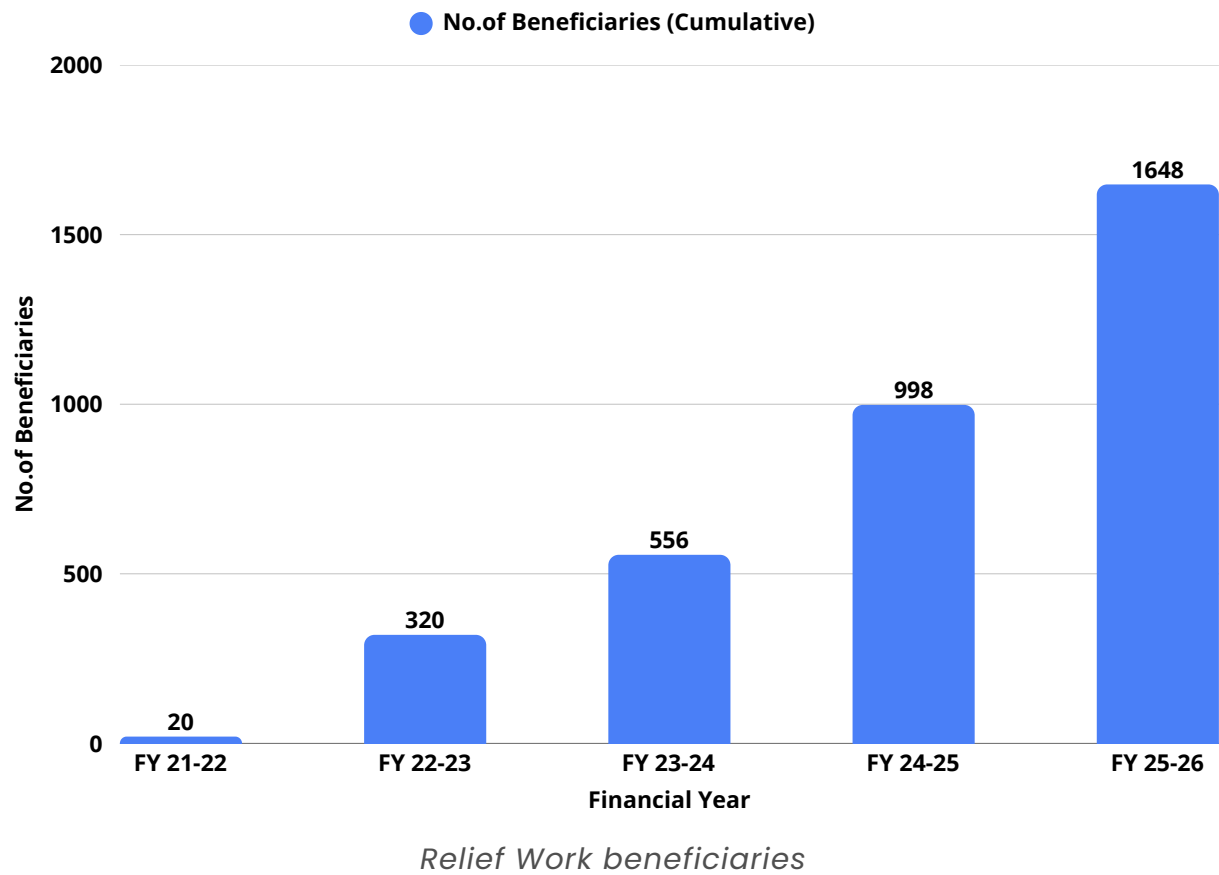

7.5.3. Number of Beneficiaries for Relief Work

The cumulative numbers of beneficiaries have reached 1648 in five years.

Path Forward 2026–27
From impact to movement.

In 2025–26, our committed members and donors made a real difference — keeping students in school, planting saplings to green our spaces, bringing relief to families during hard times, and reaching communities through medical camps and cancer awareness drives. In 2026–27, we build on that trust with sharper goals, visible progress, and an even stronger donor community — turning every contribution into measurable impact across education, healthcare, relief, and the environment.

 **Education**
Sponsor a future

Support 110 students, up from 84 last year — 26 more — through scholarships, mentoring, tutoring, and career guidance.

 **Plantation**
Plant & protect

Grow from 10,000 to 15,000 saplings — a 5,000 sapling delta — with stronger survival tracking and community ownership.

 **Relief Work**
Respond faster

Reach 650 families with a ready relief reserve, standard kits, local partners, and faster deployment during emergencies.

 **Health Care**
Care closer to communities

Add 3–4 free medical camps and 1–2 cancer awareness sessions, with screening, medicines, diagnostics, follow-up, and specialist support.

₹ 90 Lakh
target for annual collections in 2026–27

Join the Movement

- Sponsor a student • Fund a health camp
- Support relief kits • Plant & protect trees
- Bring one more donor into the Live4Help family.
