## **GENESIS**

**LIVE 4 HELP FOUNDATION** was founded by a group of like minded people who were passionate and motivated to help people.

Like others we were engaged individually in social services by sponsoring annual school fee for deserving students, distributing rations to few needy people during Covid-19, providing gifts to small group of underprivileged people during festival time.

Occasionally we also arranged plantation and cleanliness drive in nearby localities. Sometimes donated money to needy on request through friend circle and social media, took initiative to provide free education to Poor children by self-funding.

During these processes, we realized that there is lot to be done to help needy people and it is not possible to do more only with our own contributions and initiatives. So, thought came to our mind, why not to form a charitable organization so that we can do much more in an organized and bigger way engaging more like-minded people. So, we took up the challenge and decided to go ahead to form a charitable organization and that is how our organization “Live 4 Help Foundation” was born. The name of organization itself reflects our passion and objectives.

## **EXECUTIVE SUMMARY**

**Live 4 Help Foundation is currently focusing in three major areas which are Education, Environment and Health. The main objective is to bring positive impact in the society.**

**In Education, we started our journey with one student in June'21 by providing annual school fee. In one and half year L4H has extended education support to 27 needy students from six states of India (Delhi, West Bengal, Orissa, Uttarakhand, Uttar Pradesh, Bihar). Out of 27 students 16 (60%) are girls. We are very happy to announce that M/s Bharati Bhawan Publishers & Distributors is our corporate sponsor for 4 needy students.**

**To protect environment, L4H took initiative for the Mangrove Plantation in Sunderban area of West Bengal. Approximately 2000 mangrove saplings have been planted in 2022. This is our 2<sup>nd</sup> mangrove plantation drive.**

**L4H organized two medical camps in remote villages. The basic objective of this medical camp was to provide free medical test including preliminary cancer screening test to underprivileged people. Total 225 adults benefited through this camp in 2022. This camp was supported by Erbe Medical India Pvt. Ltd. through CSR funding.**

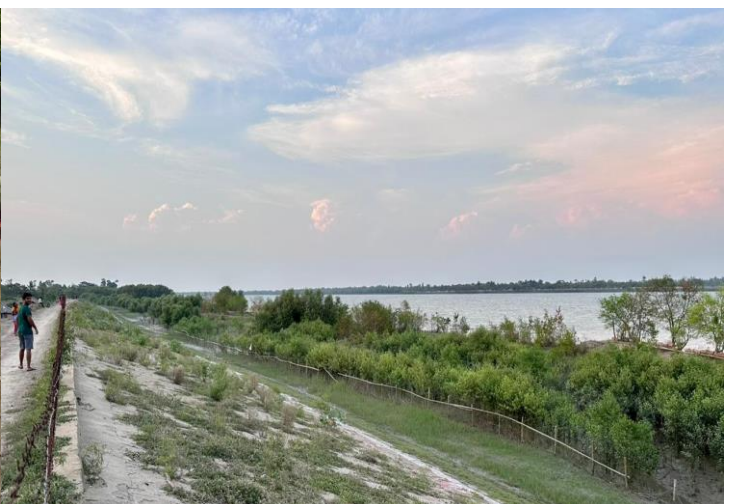

**L4H distributed 200 blankets among disadvantaged people in rural villages to provide a touch of warmth amidst the bitter winters.**
